

# Near Death Experience

Residential

*2020 Website Program Description*

Residential Retreat   Virtual Retreat

Near Death Experience

Release fear around dying and gain profound insight by exploring the realm associated with a Near Death Experience in a way that is safe and transformative

Residential Program

**\$2,195.00**

5 Days + 6 Nights

Learn various techniques to leave your physical body. Using a blend of patented Hemi-Sync® technology and specific meditation techniques, you will discover how to enter into very particular states of consciousness associated with Near-Death Experiences/Out-of-Body Experiences, come back safely, and return at will.

Gain a greater appreciation for life. Research studies have revealed a consistent pattern of positive aftereffects in those who report a Near-Death Experience (NDE). Beneficial outcomes are also possible for those who have not had an NDE, but instead, learn about them. During this course, you will explore the nonphysical universe by visiting the same realms encountered by those who have experienced an NDE.

Guide to NDE Meditations

(Linked in the details section below.)

Release fear around dying. Reclaim the power you give away to the unknown. Our NDE course goes beyond exploring an altered state of consciousness. Through your discovery of the NDE realm, you have the potential to experience after-effects that last throughout your life.

Embrace the fullness of what it means to be human. For the first time ever, this powerful and sacred experience is available to everyone. Experience the signature aspect of an NDE. Explore the tunnel of light and encounter angelic beings. Reunite with friends and relatives who have transitioned. Experience a life review to undergo healing and regeneration.
